

Alphabet Floor Dominoes

Instructions: Cut about 1/3 off the width of a sheet of black construction paper and 1 inch of the length. Repeat with as many sheets as you need for the dominoes. Print as many of the alphabet circles as you need ... cut out ... cut out and glue one letter on each end of the dominoes. You may want to use six letters for each set of dominoes that you make. Draw a line with a white or silver marker across the center of each dominoe. Laminate. Children put the dominoes together but putting matching letters together.
