poem for painted box

I took an ordinary box
As empty as can be
I filled it with a special gift
And painted it carefully.

But please do not ever open it
Just leave the ribbon tied
And hold it tightly near your heart
Because my love for you is inside.

As empty as can be
I filled it with a special gift
And painted it carefully.

But please do not ever open it
Just leave the ribbon tied
And hold it tightly near your heart
Because my love for you is inside.
