

Five Little Kites

One little kite flying in the sky ...

The wind blew in another one (make wind sound) and then there were two.

Two little kites flying in the sky ...

The wind blew in another one (make wind sound) and then there were three.

Three little kites flying in the sky ...

The wind blew in another one (make wind sound) and then there were four.

Four little kites flying in the sky ...

The wind blew in another one (make wind sound) and then there were five.

Five little kites flying in the sky ...

Can you count them with me? 1 - 2 - 3 - 4 - 5
