

Five Little Turkeys

By Shelley Lovett

Five little turkeys sitting on the fence ...
One hopped off and then there were four.

Four little turkeys sitting on the fence ...
One left to eat and then there were three.

Three little turkeys sitting on the fence ...
One fell asleep and then there were two.

Two little turkeys sitting on the fence
One went home and then there was one.

One little turkey sitting on the fence ...
He waddled off to find his friends and then there were none.

Turkeys ... where are you? Turkeys come back!!
Here we are ... (put turkeys back on glove counting each one).
1 ... 2 ... 3 ... 4... 5 little turkeys sitting on the fence.
