

Five Little Sea Shells

Five little sea shells sitting in the sand
_____ picked one up and put it in his/her hand.
Four little sea shells sitting in the sand
_____ picked one up and put it in his/her hand.
Three little sea shells sitting in the sand
_____ picked one up and put it in his/her hand.
Two little sea shells sitting in the sand
_____ picked one up and put it in his/her hand.
One little sea shell sitting in the sand
_____ picked one up and put it in his/her hand.
No more sea shells sitting in the sand.

You would insert a child's name from your early learning environment. To make this a group participation activity you would have the child whose name you called come up and remove the sea shell. After all five sea shells have been removed you would put them back on the board and say the names of children you have not called out yet.
