

Five Little Turtles

Five little turtles playing in the pond
one little turtle swam away
and then there were four.

Four little turtles playing in the pond
one little turtle went to look for food
and then there were three.

Three little turtles playing in the pond
one little turtle went to take a nap
and then there were two.

Two little turtles playing in the pond
one little turtle went to meet a friend
and then there was one.

One little turtle playing in the pond
he was sad and went home and then there were none.
No little turtles playing in the pond.
