

Gingerbread ... What Do You See?

Instructions: Print on cardstock paper ... cut gingerbread out ... laminate and attach to a large craft stick. Attach a self-adhesive magnet on the gingerbread's blank square. Write the concepts that you want to review in the individual blank squares ... cut out and laminate. Attach a self-adhesive magnet to the back of the square. You can write numbers ... letters ... shapes ... sight words etc. on the blank squares.

Start with:

Gingerbread ... gingerbread ... what do you see?

(turn gingerbread towards you and put one of the concept squares on)

(turn gingerbread back so children can see it)

I see the number 3 can you say it with me?

Repeat with a different concept square.
