Ice Cream Cone Mini Letter Cards

Instructions: Print on cardstock paper ... cut out and laminate. You can make a matching activity by making two copies and laying one set on a floor or table and then having the children place the second set on top of the correct matching cards. You can also use these for letter sequencing by having the children put the cards in order from a to z. Another activity would be to punch a hole in the upper left corner of each card and have the children lace the cards. Use your imagination and have fun!!
