

## Ten Ice Cream Scoops

By Shelley Lovett

I love ice cream cones ... do you love ice cream cones too? Let's build an ice cream cone with ten scoops. (put up ice cream cone). Can you count with me? One... point to ice cream cone scoop ... two (put on second ice cream scoop) ... three (put on third ice cream scoop)... four (put on fourth ice cream scoop) ... five (put on fifth ice cream scoop).. six (put on sixth ice cream scoop) repeat until all ice cream scoops are on. Do you like the ice cream cone we made? I think we should eat it. (take off top scoop ... rub tummy and say YUMMY! ... repeat until all the scoops and cone is gone.) Thank you for making an ice cream cone with me!
