

# Shamrock Cover-Up

fine motor activity

Instructions: Print on cardstock paper ... cut out and laminate. Children cover up the blank circles on the shamrock with the included cover-up circles. I put self-adhesive magnets on the back of the circles to raise them slightly so the children are able to pick them up and move them easier.

You can also use:

pom poms  
playdough balls  
do-a-dot markers/bingo daubers
