

Ten Little Kites

One little ... two little ... three little kites
four little ... five little ... six little kites
seven little ... eight little ... nine little kites
ten little kites flying through the sky.

Count them ... count them ... count them with me
count them ... count them ... count them with me
count them ... count them ... count them with me
ten little kites flying through the sky.

One little ... two little ... three little kites
four little ... five little ... six little kites
seven little ... eight little ... nine little kites
ten little kites flying through the sky.
