

Number 1, Number 1, What Do You See?

Print out numbers on index paper ... cut out and laminate. You can attach velcro or sandpaper on the back and use on a feltboards. You can also glue the numbers on a craft stick for stick puppets.

You can do the number in order or mix them up. Start out by putting the number 1 on the feltboard and say:

Number 1, Number 1, What do you see?

I see the number ____ (number of your choice) looking at me!

Put the new number up and take the number 1 down. Repeat until you have done all of the numbers.

End with:

Number ____, Number ____ What do you see?

I see all the numbers looking at me! (Put up all the numbers)
